

The Albert Gore Research Center is an official partner in the Library of Congress Veterans History Project (<http://www.loc.gov/vets>) as part of the center's public service mission to the citizens of Tennessee and beyond.

ADOPT A VETERAN

As taxpayer support has declined for MTSU over the past several years, it is no longer possible for the Albert Gore Research Center to expend its limited operating resources on this public service project. We call upon generous donors, therefore, to contribute to this project.

With a tax-deductible contribution of just \$50, donors can **adopt a veteran, or adopt two veterans for \$100, three for \$150, etc.**

What better way to pay tribute to the service of a loved one or friend than to adopt them for this project? All participants receive a copy of the recording, too.

With each \$50 contribution, the center can fund one interview with a U.S. veteran who is willing to be tape recorded in an interview, or a civilian who supported war efforts by working in war industries or volunteering for the USO, Red Cross, or other support organizations. Your donation will fund:

- Tapes, CDs, and other supplies to record interviews and to share a copy with the Library of Congress in Washington, DC.
- Permanent archiving of the tapes, photos, and memorabilia from each interview.
- Transcription of the interview.
- Posting of interview recordings, photos, and transcripts on a newly-designed oral history web site coming soon to <http://gorecenter.mtsu.edu>.

To **adopt a veteran, or two, or three**, you may make your tax-deductible donation of \$50 or more in one of two ways:

- Mail checks made payable to the MTSU Foundation to Director, Albert Gore Research Center, MTSU Box 193, 1301 E. Main St., Murfreesboro TN 37132. Please note on the check "Veterans History Project."
- Donate online via the secure MTSU Foundation web site <http://www.mtsu.edu/development/>, then click on the "Make a Gift Online" tab at the left. Please note along with your donor information that your contribution is for the Gore Research Center's Veterans History Project.
