Dear Jack:

I understand that my program was not on on Sunday, September 3. I wonder what happened? I thought this was an especially interesting one, since I interviewed Mr. Gordon Clapp of TVA. The radio studio here says it was shipped by air express on Friday, September 1. See if you have some information about it.

I am just back from a week on the Continent of Europe and should have an interesting broadcast for next Sunday.

Sincerely yours,

Albert Gore, M. C.
